

Eidgenössische Technische Hochschule Zürich
Swiss Federal Institute of Technology Zurich

Institute of Information Systems - Institute of Pervasive Computing
Department of Computer Science, ETH Zurich

Several research groups within the Institutes of Information Systems and Pervasive Computing (Profs. Gustavo Alonso, Donald Kossmann, Timothy Roscoe, and Nesime Tatbul) invite applications for the following positions:

Ph. D. students

Post-Docs and Senior Researchers

Areas of interest include but are not limited to databases, data management, XML processing, data streams, sensor networks, mobile computing, system software, operating systems, networking, embedded devices, as well as distributed and information systems in general. ETH Zurich is one of the leading technical universities in Europe. The Computer Science Department is consistently ranked among the top ones worldwide. We offer very competitive salaries at all levels and unique research environment with plenty of opportunities to work together with some of the leading researchers in the field. Working language is English.

Applicants for the Ph.D. positions should have a Master or Diploma in Computer Science or Electrical Engineering, as well as strong system development skills. Please send a CV as well as a complete listing of all courses taken and grades obtained. Include a one page summary of your research interest and reasons to pursue a Ph.D. Letters of reference will be considered an asset.

Applicants for post-doc or senior researcher positions should have a doctoral degree in Computer Science or Electrical Engineering and a strong publication record. Please send a CV, publication list, teaching record (if any), two letters of reference and copies of the two most important papers.

E-mail applications are strongly encouraged. Please send any questions or all the application material (as PDF files) to Ms. Simonetta Zysset (simonetta.zysset@inf.ethz.ch), indicating in the Subject "Application-ETHZ 2007".
